

### Messages:

Thank you to everyone who came to Sports Day yesterday. The children were wonderful and we all had lots of fun!

Don't forget: Salma will be holding her parent meetings on Friday (29.6.18). Please speak to her if you still need to book an appointment.

We are extremely excited about our 'Bring a Parent to School Morning' on **Tuesday 3<sup>rd</sup> July**, during which time you will have the opportunity to meet your child's Year 1 class teacher with them. Issy will do a short talk in the bottom hall at 9.00am about the expectations of Year 1. You will then be invited to go to your child's new classroom to take part in an activity with them and meet their new teacher. We hope to see you all there!

On **Tuesday 17<sup>th</sup> July**, we will be holding our Graduation Ceremony in the top hall. This will be a celebration of the children's achievements this year in Reception. Mr O'Shea will present a certificate to all of the children during the ceremony. We would love you to come along to join in with the celebration.

Finally, summer is well and truly upon us and as you can imagine our classrooms can get very warm in this weather. During this warm weather, please try not to send your child in with extra layers of clothing underneath their school uniform as they get very hot and uncomfortable and it can affect their concentration levels during carpet sessions and independent activities. Also, please ensure you have put sunscreen on your child before they come to school as the children enjoy spending time outside during the day.

### English:

In English this week, we will continue to look at The Three Billy Goats Gruff. The children will take part in 'Talk for Writing' sessions in which they learn to retell the entire story using actions to help them. They will produce story maps of The Three Billy Goats Gruff, which will be displayed around the classroom. We will also be looking at different versions of this much-loved story and comparing the similarities and differences between them.

### Maths:

In maths this week, we will be focussing on solving word problems using our addition and subtraction skills.

### Topic:

In topic this week, we will be exploring melting and freezing and thinking about our achievements this year in Reception.

### Homework:

Please complete the homework sheets in the red folder with your child. There is a phonics activity and a junk modelling activity.

Please also access **Mathletics** at home this week.
