

Messages:

We are looking forward to celebrating Eid and we will be having an Eid party in class on Monday the 18th of June.

School is closed on Friday 15th June.

Maths:

In maths we are beginning a new topic: geometry.

This week we will be learning about quarter and half turns clockwise and anticlockwise.

Also, we will be learning about right angles as well as obtuse and acute angles.

English:

In English we will be continuing to study poetry.

We will be taking inspiration from our local community to write our own poems.

Science:

In science, we will continue to learn about animals including humans.

We will be exploring what makes a healthy diet and suggesting ways we can improve what we eat.

Topic:

We are continuing to use our community as inspiration to make pop-up cards.

This week we will look at our local transport system and make moving vehicles.

Homework:

Please select a task from the project homework. Please also practise spelling. Perfect paragraphs have been removed but children will be asked to use the spelling words in a sentence.

The maths homework is now on Mathletics – please complete three activities. For extra challenge, try some Problem Solving as well. If your child needs access to a computer, they can come to one of the Mathletics sessions we offer in school on a Friday lunchtime.

We have given everyone an Accelerated Reader band – you can go to the library every day after school and find new and exciting books at your child's reading level.
