

Messages:

Summer Fete on Thursday! We look forward a sunny day!

Maths:

In maths we will use using scales to measure capacity. At home you can support your child by using scales to weigh ingredients when baking or looking at the capacity of different bottles at home.

English:

In English, we will be looking at the story The Tinder Box and retelling it.

We will be focussing on speech marks and spelling.

Science:

In science, we will continue to learn about animals including humans.

This week we will be looking at muscles

Topic:

This week we will be working on following our own interest to research a topic of our choice.

Children have been making posters and they will move on to add detail to their projects.

Homework:

Please select a task from the project homework. Please also practise spelling. Perfect paragraphs have been removed but children will be asked to use the spelling words in a sentence.

The maths homework is now on Mathletics – please complete three activities. For extra challenge, try some Problem Solving as well. If your child needs access to a computer, they can come to one of the Mathletics sessions we offer in school on a Friday lunchtime.

We have given everyone an Accelerated Reader band – you can go to the library every day after school and find new and exciting books at your child's reading level.
