

Messages:

Welcome back! We would like to remind parents that children should bring their P.E. kits **and** musical instruments in **every** Tuesday. Class photos will be taking place on Tuesday 30th October. Wednesday 31st October is a non-uniform day; children may come to school in a Halloween costume.

Maths:

We will revise multiplying by single-digit numbers (including decimals –like money) to ensure that children are secure. Thereafter we will move on to two-digit multiplication. Towards the end of the week, children’s fluency will be tested when solving a range of problems requiring multiplication (including two-step problems).

Spellings: Please find time to help your child with the spellings at home.

led: past tense of the verb <i>lead</i>	possible
lead: present tense of that verb	probably
morning: before noon	promise
mourning: grieving for someone who has died	pressure
	popular
	potatoes

Writing:

Children will revise the statement lessons they were taught last week. We will then begin reading the book ‘The Lost Thing’ as part of our new English unit this half term. Children will be given the opportunity to explore themes within the book, write a narrative, and finally, write a diary entry!

Reading:

Children will continue their one hour reading lessons and their reading teachers will be carefully tracking their home reading. Children will soon be taking another online STAR reading test which may give them a new reading range.

Topic:

Children will continue to learn about the Anglo-Saxons this term. This week, they will explore historical sources and have a go at creating their very own time capsule.

Science:

This term the children will be learning about Earth and Space. There are many website you can visit, that will help your child learn about space. The BBC website has many fun videos to watch and the Science Museum has some fun activities to help children learn about space.

As well as weekly maths, spelling and perfect paragraph homework, your child has the option to complete a topic activity and the science experiment from their homework grid. Homework is due on **Thursday**. New homework is sent home by **Friday**.

	Topic: Anglo Saxons (choose at least one activity)			Science
Week 1	. Are there any famous Anglo Saxons? Use the internet to make a list of significant historical figures who lived in England between 410 – 800 AD.	Research a famous Anglo Saxon and create a fact file about that person. Why are they still remembered today?	Research a famous Anglo Saxon and write a short biography about them. Include when and where they lived, interesting facts about their life and why they are still remembered today.	For your science project, design, plan, create and evaluate a science investigation based on Earth and Space. You can present your work in any way you choose (eg. poster, leaflet, animation, PowerPoint, video...)

Every child is welcome to attend Lucy’s homework club for support and access to the Internet every Tuesday lunchtime.
