

Managing Medical Conditions Policy

September 2020

Policy written by: Louise Dunn

Review due: Sept 2022

Managing Medical Conditions in School

Duncombe Primary School will ensure that pupils with medical conditions receive appropriate support and care at school. This policy is written with regard to Section 100 of the Children and Families Act 2014. We aim to support children and ensure that we pay attention to the social and emotional aspects of their medical condition. We will ensure that no child experiences bullying or social isolation because of their condition. We do this through our school values, our curriculum and robust monitoring.

The school governing body will ensure that arrangements are in place to support pupils with medical conditions in school. The full governing body will review the arrangements each year.

What is a medical condition?

In this policy we refer to a medical diagnosis and chronic medical conditions. The school will have in place individual support plans for pupils who have a medical diagnosis which requires medical intervention and/or medicine whilst in school. The plan will include relevant and up-to-date information about the child, the medical condition, and how the condition should be managed and monitored in school. The key roles and responsibilities are set out in appendix two. The day-to-day responsibility for children and young people rests with the head teacher and the designated members of staff who have daily contact with the individual pupils. Parents will be given clear information about who is responsible in the school and who to contact to ask questions or give information.

The school will not have plans in place for pupils who have short-term illnesses such as coughs, colds and common childhood diseases. The school will have a medical plan in place for all children who have a medical diagnosis of:

- Asthma
- Epilepsy and Seizures
- Allergies
- Heart condition
- Liver and kidney conditions
- Sickle cell
- Cancer or any other serious medical condition

Procedure when the school is notified that a pupil has a medical condition

Duncombe will arrange a meeting with the parents as soon as possible after the school has been informed. The information may come from the parent, the school nurse, a health visitor or other medical professional. The Health and Well-being Officer will invite the parents, the school nurse and any other relevant health professionals to the meeting. At the meeting, if appropriate the SENCO may attend. The Health and Well-being Officer will gather all the relevant information including, diagnosis, signs and symptoms and treatment plan. The meeting will also cover the emotional needs of the child or young person and include emotional support / counselling as appropriate.

The school will consult with parents about how much information can be shared with the child's class and peer group. The plan will be put in place and the relevant members of staff will be trained within four weeks of the first notification.

The head teacher will be kept informed of the operational implications of the health care plan. If a child registered and staff did not have appropriate training, the child could not start until this was put in place.

The School's Right to Challenge

The school will listen to children and parents but may challenge and ask for a second opinion if there is doubt or dispute about a child's medical condition. The head teacher/health and wellbeing officer will consult with the local education authority and the NHS paediatrician based at the Northern Health Centre, Holloway Rd, London N7. The local education authority will also be asked give advice if there is a dispute between the parents and the school. Appendix one is a list of key contacts in Islington.

Staff Training

- Teachers and support staff will receive training about individual pupils
- Medical conditions which will be organised by the school SENCO and Medical Officer
- The Health and Well-being Officer will be responsible for monitoring and reviewing the quality of staff training
- New members of staff will receive relevant and up-to-date information about managing medical conditions in schools
- On arrival temporary and supply staff will be given information by the Health and Well-being Officer about individual children or young people who are likely to become ill and/or require medical intervention

Individual health Care Plans

- The Health and Well-being Officer will write individual plans in partnership with the parent in addition, relevant health care professionals. There is an interim care plan whilst this meeting is arranged.
- The plan will be shared with relevant members of staff and reviewed annually or as appropriate if there are significant changes.
- The plan will include details about the child's condition, treatment, symptoms and warning signs.
- The plan will be kept in the Class Folder and School Office.
- Information about the child's medical condition will be displayed in the Staffroom

Emergency Medication in Schools

- This applies to all pupils including those who do not have an individual health care plan if medicines (including asthma pumps) are to be administered in school the parents must complete and sign an agreement form which will be renewed annually
- No pupil will be given medicine without the parental consent unless there is clear and dire emergency and ambulance / emergency personnel are in attendance
- Prescribed medicines must be in date, prescribed by an NHS doctor and provided in the original container with dosage instructions
- Parents must regularly renew the school supply of medicines and be responsible for visiting the GP to collect repeat prescriptions
- At the end of the school year in July the school will return all medicines in store to the parents
- Asthma pumps will be stored in each child's classroom. Emergency inhalers are located in Staff Room and School Officer
- Auto Injector pens will be stored in the school office. The school will not be held responsible for any side-effects due to the correct administration of emergency medication.

Record keeping

Duncombe Primary will keep written records of all medicines administered to children. The record will be kept in the medical folders and include date, time, dosage and name of the member of staff who administers the medicine.

Unacceptable Practice

It is unacceptable at Duncombe Primary to:

- Prevent pupils from easily accessing their inhalers and medication
- Prevent pupils from drinking or eating if needed to manage their medical condition
- Assume that every pupil with the same condition needs the same treatment
- Ignore the views of the child or their parents; or ignore medical evidence unless there is good reason to challenge those views
- Exclude pupils from lunchtime or after-school activities because of a medical condition- reasonable adjustments should be made in consultation with health and wellbeing officer as a risk assistant may be required.
- Prevent pupils from participating, or create barriers to normal school activities including day trips and school journeys
- Leave children who are ill unattended

Medical Emergencies at Duncombe Primary

All members of staff who have contact with pupils who have medical conditions will be informed about the best course of action if a child becomes seriously ill and needs emergency treatment.

The child and the parents will be informed about the school's arrangements and there will be details in the plan if appropriate

The school will call an ambulance before contacting parents if a child becomes seriously ill – this applies to all children including those with health care plans

The school will arrange for a competent member of staff to travel to hospital in an ambulance and act in loco parentis until the parents arrive. The member of staff in loco parentis will have the right to sanction emergency procedures as advised by medical staff in the ambulance or at the hospital.

Day trips, residential visits and sporting activities

Duncombe Primary will make every effort to ensure that all children are included in the full range of school activities. The school will make sure that reasonable precautions are taken to safeguard children's health and carry out risk assessments for trips and school journeys which consider the individual child's needs. Parents will not be required to accompany their children on school trips of journeys unless this is a normal activity.

Liability and indemnity

The governing body will ensure that an appropriate level of insurance is in place and appropriately reflects the level of risk for individual members of staff working with individual children. All Islington schools (not academies or free schools) are covered by the Islington Council policy with Zurich.

Complaints

At Duncombe Primary, we will work with parents to ensure that children and young people with medical conditions are treated fairly and in a way that will promote good health outcomes.

All complaints should be made under the school's Complaints Policy. Should parents or pupils be dissatisfied with the support provided they should discuss their concerns directly with the school. If for whatever reason this does not resolve the issue, they may make a formal complaint via the school's complaints procedure.

Appendix Two

Key roles and responsibilities

1.1 The Local Authority (LA) is responsible for:

Promoting cooperation between relevant partners and stakeholders regarding supporting pupils with medical conditions.

1.1.2 Providing support, advice and guidance to schools and their staff.

1.1.3 Making alternative arrangements for the education of pupils who need to be out of school for fifteen days or more due to a medical condition.

1.2 The Governing Body is responsible for:

1.2.1 The overall implementation of the Supporting Pupils with Medical Conditions Policy and procedures of Duncombe Primary.

1.2.2 Ensuring that the Supporting Pupils with Medical Conditions Policy, as written, does not discriminate on any grounds including, but not limited to: ethnicity/national origin, culture, religion, gender, disability or sexual orientation.

1.2.3 Handling complaints regarding this policy as outlined in the school's Complaints Policy.

1.2.4 Ensuring that all pupils with medical conditions are able to participate fully in all aspects of school life.

1.2.5 Guaranteeing that information and teaching support materials regarding supporting pupils with medical conditions are available to members of staff with responsibilities under this policy.

1.2.6 Ensuring that written records are kept of any medicines administered to individual pupils.

1.2.7 Ensuring the level of insurance in place reflects the level of risk.

1.3 The Head Teacher is responsible for:

1.3.1 The day-to-day implementation and management of the Supporting Pupils with Medical Conditions Policy and procedures of Duncombe Primary.

1.3.2 Ensuring the policy is developed effectively with partner agencies.

1.3.3 Making staff aware of this policy.

1.3.4 Liaising with healthcare professionals regarding the training required for staff.

1.3.5 Making staff who need to know aware of a child's medical condition.

1.3.6 Developing Individual Healthcare Plans (IHCPs).

1.3.7 Ensuring a sufficient number of trained members of staff are available to implement the policy and deliver IHCPs in normal, contingency and emergency situations.

1.3.8 If necessary, facilitating the recruitment of a member of staff for the purpose of delivering the promises made in this policy.

1.3.9 Ensuring the correct level of insurance is in place for teachers who support pupils in line with this policy.

1.3.10 Contacting the school nursing service in the case of any child who has a medical condition.

1.4 Staff members are responsible for:

1.4.1 Taking appropriate steps to support children with medical conditions.

1.4.2 Where necessary, making reasonable adjustments to include pupils with medical conditions into lessons.

1.4.3 Administering medication, if they have agreed to undertake that responsibility.

1.4.4 Undertaking training to achieve the necessary competency for supporting pupils with medical conditions, if they have agreed to undertake that responsibility.

1.4.5 Familiarising themselves with procedures detailing how to respond when they become aware that a pupil with a medical condition needs help.

1.5 School nurses are responsible for:

- 1.5.1 Notifying the school when a child has been identified with requiring support in school due to a medical condition.
- 1.5.2 Liaising locally with lead clinicians on appropriate support.

1.6 Parents and carers are responsible for:

- 1.6.1 Ensure the school has a complete and up-to-date care plan for their child.
- 1.6.2 Ensure their child has regular reviews with their health care professional.
- 1.6.3 Keeping the school informed about any changes to their child/children's health. Including changes to their child's condition. **If their child no longer requires medication, this will need to be put in writing by a medical professional.**
- 1.6.4 Completing a parental agreement for school to administer medicine form before bringing medication into school. **This will ask whether you give permission to administer the school's spare inhaler/auto injector where necessary in case of an emergency.**
- 1.6.5 Providing the school with the medication their child requires and keeping it up to date. **School will now require 2 Auto-Injector Pens**
 - **Medication needs to be in date- If this runs out their child will not be allowed back to school until it is provided.**
 - **Medication, including inhalers need to be in original packaging. We require the pharmacy label on which clearly states their name and date of birth.**

We will not accept medication with no label or box.

- 1.6.6 Collecting any leftover medicine at the end of the course or year.
- 1.6.7 Discussing medications with their child/children prior to requesting that a staff member administer the medication.

Contacting Emergency Services

Request an ambulance - dial 999, ask for an ambulance and be ready with the information below.

Speak clearly and slowly and be ready to repeat information if asked.

1. Your telephone number
2. Your name
3. Your location as follows [insert school/setting address]
4. State what the postcode is – please note that postcodes for satellite navigation systems may differ from the postal code
5. Provide the exact location of the patient within the school setting
6. Provide the name of the child and a brief description of their symptoms
7. Inform Ambulance Control of the best entrance to use and state that the crew will be met and taken to the patient
8. Put a completed copy of this form by the phone

-
- **020 7272 5620**
 - **YOUR NAME**
