

## Messages:

Dear Parents/Carers,

I would like to thank you all for your support and cooperation. Children are happy in nursery and their learning journey has improved so much! We are spending time improving our motor skills, fine and gross and we have started bonding with each other and forming special friendships!

This week we focused on routines and expected behaviour at school. At Duncombe we are always: Ready, Respectful, Safe and Kind. We did some pre-writing and we worked on our cutting skills and we learned everything about number 1. Children had fun playing outdoors working at the same time on their physical development.

Please do not hesitate to contact me if you have any questions or concerns via our class email [ericcarle@duncombeprimary.co.uk](mailto:ericcarle@duncombeprimary.co.uk)

## Maths:

We learned everything about number 1 and we began reciting numbers in sequence (1 to 5/10).

Children will learn to identify the number one, identify groups with one object and represent the number one.

These are some activities to help your child to count at home:

- Counting the steps up the stairs.
- A number hunt on the way to nursery.
- Setting the table, how many people, how many knives, fruits, veggies, plates, cups etc.

Vocabulary will include: touch, count and move, how many etc.

## Google Classroom

Please collect your child's login details for the Google Classroom account. This is how we will be teaching in the event of a bubble or a school closure.

Open Google Classroom and sign in with the email address and password provided. Please try to log in as soon as possible so we can sort out any issues. If there is a log in problem, please speak to me.

Many thanks,

## English:

This week we have been busy reading the story "Aaaarrgghh, Spider!" Children enjoyed the story and they have been joining in actively with actions.

These weeks we will be looking at different types of animals and where they live.

Story vocabulary will include: pet, look at me, out you go, in, on, out, under, upside down, in front of, next to, behind.

Nursery children have been super creative making poppies for Remembrance Day.

## Homework:

Please help us at home to improve our cutting skills! Practice the weekly cutting skills activities with your child.
