

Nursery Eric Carle Weekly Update: 23.11.20

Messages:

Dear parent/carers,

Last week, all parents have been given the opportunity to have a telephone conversation with me about how well their child has settled in this year. Although this has been different to a usual parents evening, I hope that it has been useful to you.

Please get in touch if you have not been able to answer to my phone call to reschedule your parents evening. Thank you.

Thank you also to parents and carers for wearing masks and face coverings when on the school site. We really appreciate your support with this and hope that this contributes to what we are doing to keep everyone safe!

A massive THANK YOU for all your hard work while we have been learning at home. The work the children have produced has been AMAZING. Thank you parents for engaging so well, it is so great to see our home/school partnership in action.

Ready for Nursery

Please help us to ensure your child is ready to enjoy their nursery day.

As the weather changes we ask that you ensure your child is dressed appropriately to access outdoor play – a warm jacket, a jumper or cardigan to provide an extra layer, warmer boots/shoes or wellies. If you can provide a pair of indoor shoes, this will allow your child to change out of their outdoor shoes when playing indoors.

Reflection of learning

This week in Nursery we have been looking at the children's home learning pictures and videos you have sent into us and talking about their at home with their families.

Contact Details

It is extremely important that we have up to date contact details for your child. There may be times when we need to contact you while your child is at nursery. Please ensure you keep us informed of any changes to these details immediately. This includes contact details for emergency contacts detailed on your application/enrolment form. Thank you.

Punctuality

Too many children are still arriving late to school in the mornings/afternoons – you must be on time! Children are missing the most important part of the day and it is disruptive if you miss your child's class arrival slot. If you are having problems getting to school on time, please speak to us to see if we can help.

Website update

We have added our half termly overview to the Nursery area on the website. This will help you to understand what we are learning and why this half term.
