

Dear Parents/Carers,

- Please check if your child has enough spare clothes in the bag provided on their peg.
- If you bought new utensils for your kitchen, your old ones would make a perfect donation for our Nursery Class. You can donate your old pots, pans, cooking utensils like spatulas and spoons, plastic mugs and plastic trays.

Thank you.

Maths

In Maths, this week we are learning about number 2. Children will learn to identify the number 2, identify groups with 2 objects and represent the number 2.

Vocabulary will include: touch, count and move, how many etc.

Play online a shape sorting game: Sorting monsters. Shape Monsters is a fun, interactive 2D shapes game where children need to identify and match circles, rectangles, squares and triangles.

<https://www.topmarks.co.uk/early-years/shape-monsters>

Shape patterns is another online activity that your child can play. Shape Patterns is a sequencing game where children need to complete the pattern of different coloured 2D shapes.

English

This week our focus story is 'Down by the Station'.

We will be talking about different types of transportation. Buses, boats, and trains! What's your little favourite transportation system? There are many modes of transportation that allow us to move from one part of the world to another, and learning about them is one of the first things that little ones do as soon as they start communicating with their families. So, talking about the different types of transportation comes almost naturally to the little ones.

Story vocabulary will include: puffer, trains, engine, station, row, start up, early, morning.

Homework

Please practice writing their names.
