

Messages:

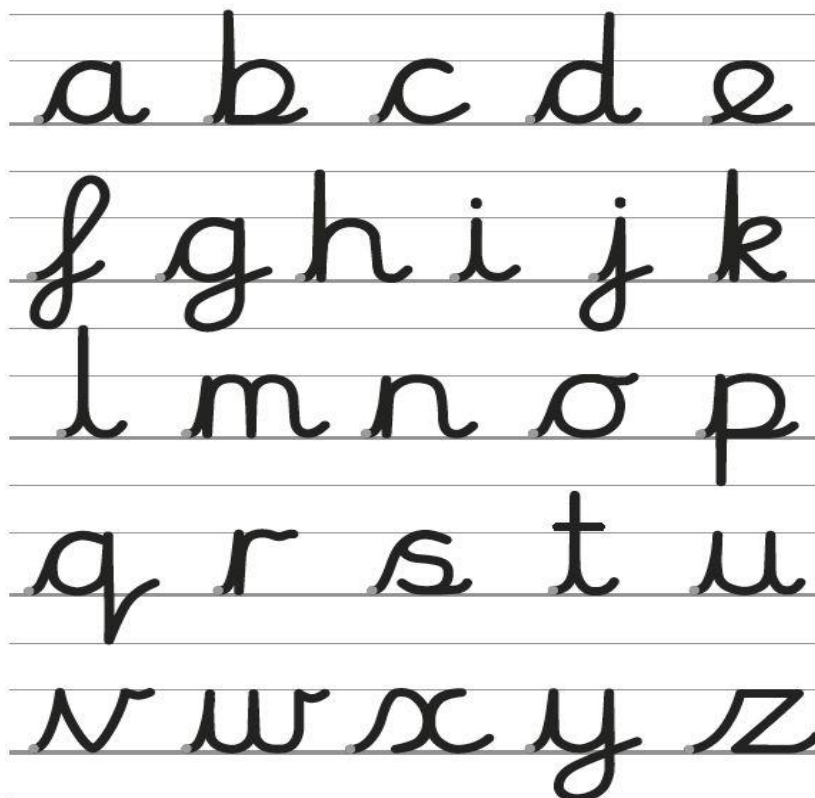

Well done for another great week in school!

- Please can you give your snack money to your teachers if you haven't done so yet.
- Check outside your child's classroom to see what day their reading book will be changed.
- Please encourage your child to tell us if they have something in their bag for us to see. It is very difficult to check 60 schoolbags every day!

Phonics

This week, children will be starting phonics sessions. We follow the Read Write Inc. programme. From next week we will begin to send sounds home for you to practise with your child. There will be a parent information session (probably online!) very soon.

We have also started to learn cursive handwriting. Below is an example of lower case cursive letters.

The whole school is using Doodlemaths for maths homework and we will be doing the same from Friday. We will send the log in details home on Friday.

Have a wonderful week,

The Reception Team
