

Messages:

Thank you to those who have brought in their snack money, if you haven't done so please do so this week. We have loved receiving lots of Autumn items, please continue to bring them in. Look out for the homework and new reading books to take home on Friday!

This week:

This week our maths lessons are planned around ordering and sorting different objects based on quantity. There are lots of fun activities to do with counting, the children have started with their groovy buttons on waistcoats - discussing how much they have. This is based on our 'Pete the Cat and his Groovy Buttons' book. In Literacy, we are looking at rhyming words - using our 'Here's a Little Poem' book. We will be playing lots of fun games that will teach us how to rhyme.

Music:

We have a fun lesson with Norris the drumming teacher, as well as a fun lesson on beats and rhythm with Leena!
