

## Year 4 Weekly update: Monday 30th November 2020

### Messages:

PE is on Monday and Thursday.

Children need to wear their Duncombe PE kit to school on these days.

Homework is given out on Friday and children return it on the following Thursday.

Please allow your children some time to get on to Doodle Maths and TT Rockstars if you have a device that allows you to do so, it will really help them! We are looking for time in school for the children to have a go on our laptops aswell.

As ever, thank you for your continued support.

The Year 4 team

### Maths:

Children will continue to learn their times tables. This week, they will recap their 2's and 6's and then move on to learning their 7's and 9's. Children will have the chance to see how much they have learnt in the Golden 100 – one hundred times tables questions in 5 minutes! Another exciting week!

### English:

Children will carry on working with the "Tale of the Two Brothers". The children have come up with some amazing ideas to write their own traditional tale with a moral message. They will finish drafting and publish. You should ask your child what the moral message of their story is!

### Topic and Science

Topic: Children will continue to explore the Ancient Kingdom of Benin. They will find out what life was like and how it came into its Golden Age.

Science: Children will investigate a Science that celebrates diversity. They will research Jabir Ibn Hayyan – the Muslim 'Father of Chemistry' and create a fact file on him.

### Reading:

Thank you for reading with your child and signing their reading diary.

Children will continue to bring their diary and reading book home with them every day, and then bring them back to school the next day. Please find the time to read with your child and ask them questions about what they have read.

Reading diaries will continue to be checked every morning.

Thank you for your continued support.
