

Year 4 Weekly update: Monday 12th October 2020

Messages:

PE is on Monday and Thursday.

Children need to wear their Duncombe PE kit to school on these days.

Homework is given out on Friday.

Children return it on the following Thursday.

With kind regards,
Year 4 team

Maths:

Children will be starting a brand new unit this week on addition and subtraction. They will recap what they know about adding 3 digit numbers and will eventually move on to 4. Children will investigate how to exchange numbers in addition – a great week ahead!

English:

Children will look at non-fiction texts this week on Africa. They will explore different facts and traditions found in the continent and will eventually produce some informative writing on what they have learnt.

Topic and Science

Topic: children will explore how to use a compass and will investigate the positioning of different African countries in relation to each other by using one.

Science: children will look at the state of gas and explore the properties of it.

Reading:

Thank you for reading with your child and signing their reading diary.

Children will continue to bring their diary and reading book home with them every day, and then bring them back to school the next day.

Reading diaries will continue to be checked every morning.

Thank you for your continued support.
